

**LUNCH WITH A.S.M.E.** - Presentations for M.E. Undergraduates by M.E. Undergraduates

The Cornell Chapter of A.S.M.E./AIAA is now offering a monthly series of presentations by M.E. undergrads for M.E. undergrads. You are invited to (free) Lunch with A.S.M.E. Your classmates will be giving presentations on their research. You may be familiar with the more visible, established, team research projects, such as [FSAE](#), [CUSat](#), [Solar Decathelon](#), however, there are also various individual research efforts conducted by Sibley School students. This is an opportunity to learn about these research efforts and newly formed teams. If you are an M.E. undergrad and you are interested in presenting, contact [np18@cornell.edu](mailto:np18@cornell.edu)

We will continue monthly presentations in Fall 2007 and Spring 2008. Open to M.E. Sophomores, Juniors and Seniors.

Spring 2007 sessions facilitated by Matthew Haberland, ASME president, Cornell Chapter. Sponsored by ASME/AIAA.
